99.1	Statement on Patent Infringement Lawsuit Filed by Moderna

Statement on Patent Infringement Lawsuit Filed by Moderna

BioNTech is aware of reports that Moderna has sued Pfizer and BioNTech, alleging that COMIRNATY® infringes certain Moderna patents. BioNTech's work is original, and we will vigorously defend against all allegations of patent infringement. BioNTech also values and respects valid and enforceable intellectual property rights of others and remains confident in its intellectual property. It is an unfortunate but rather regular occurrence that other companies make allegations that a successful product potentially infringes their intellectual property rights, even more so here after witnessing the historic accomplishments of a vaccine like COMIRNATY®. Please understand that BioNTech will not comment on the company's legal strategy.
